INTRODUCTION

The Red Panda also called Firefox, a beloved native of the eastern Himalayas and southwestern China, captures the hearts of wildlife enthusiasts with its vibrant red fur and gentle demeanor. This charming mammal, known for its arboreal lifestyle, spends much of its time nestled in trees. Flourishing at elevations between 2,200 and 4,800 meters, these delightful creatures boast a lifespan of 8 to 10 years and exhibit a unique coat that aids in camouflage. A unique trait is its tail, which doubles as a cozy blanket. The Red Panda predominantly feeds on bamboo despite being an omnivore.

WHY US?

Unmatched Location: Our location ensures that you are always close to the prime habitats of the red panda, maximizing your chances of encountering this elusive and enchanting creature.

Expert Trackers: Our team comprises some of the most experienced and knowledgeable trackers in the region. With years of experience in tracking red pandas and other wildlife in Singalila National Park, our trackers possess an intimate understanding of the animals' behaviors, habitats, and movements.

Immersive Experience: Our expeditions offer a deep immersion into the beauty of Singalila National Park and the local culture. You will have the opportunity to explore stunning landscapes, enjoy breathtaking sunrises and sunsets, and interact with the warm and hospitable people of the region.

THE MAGICAL SINGALILA

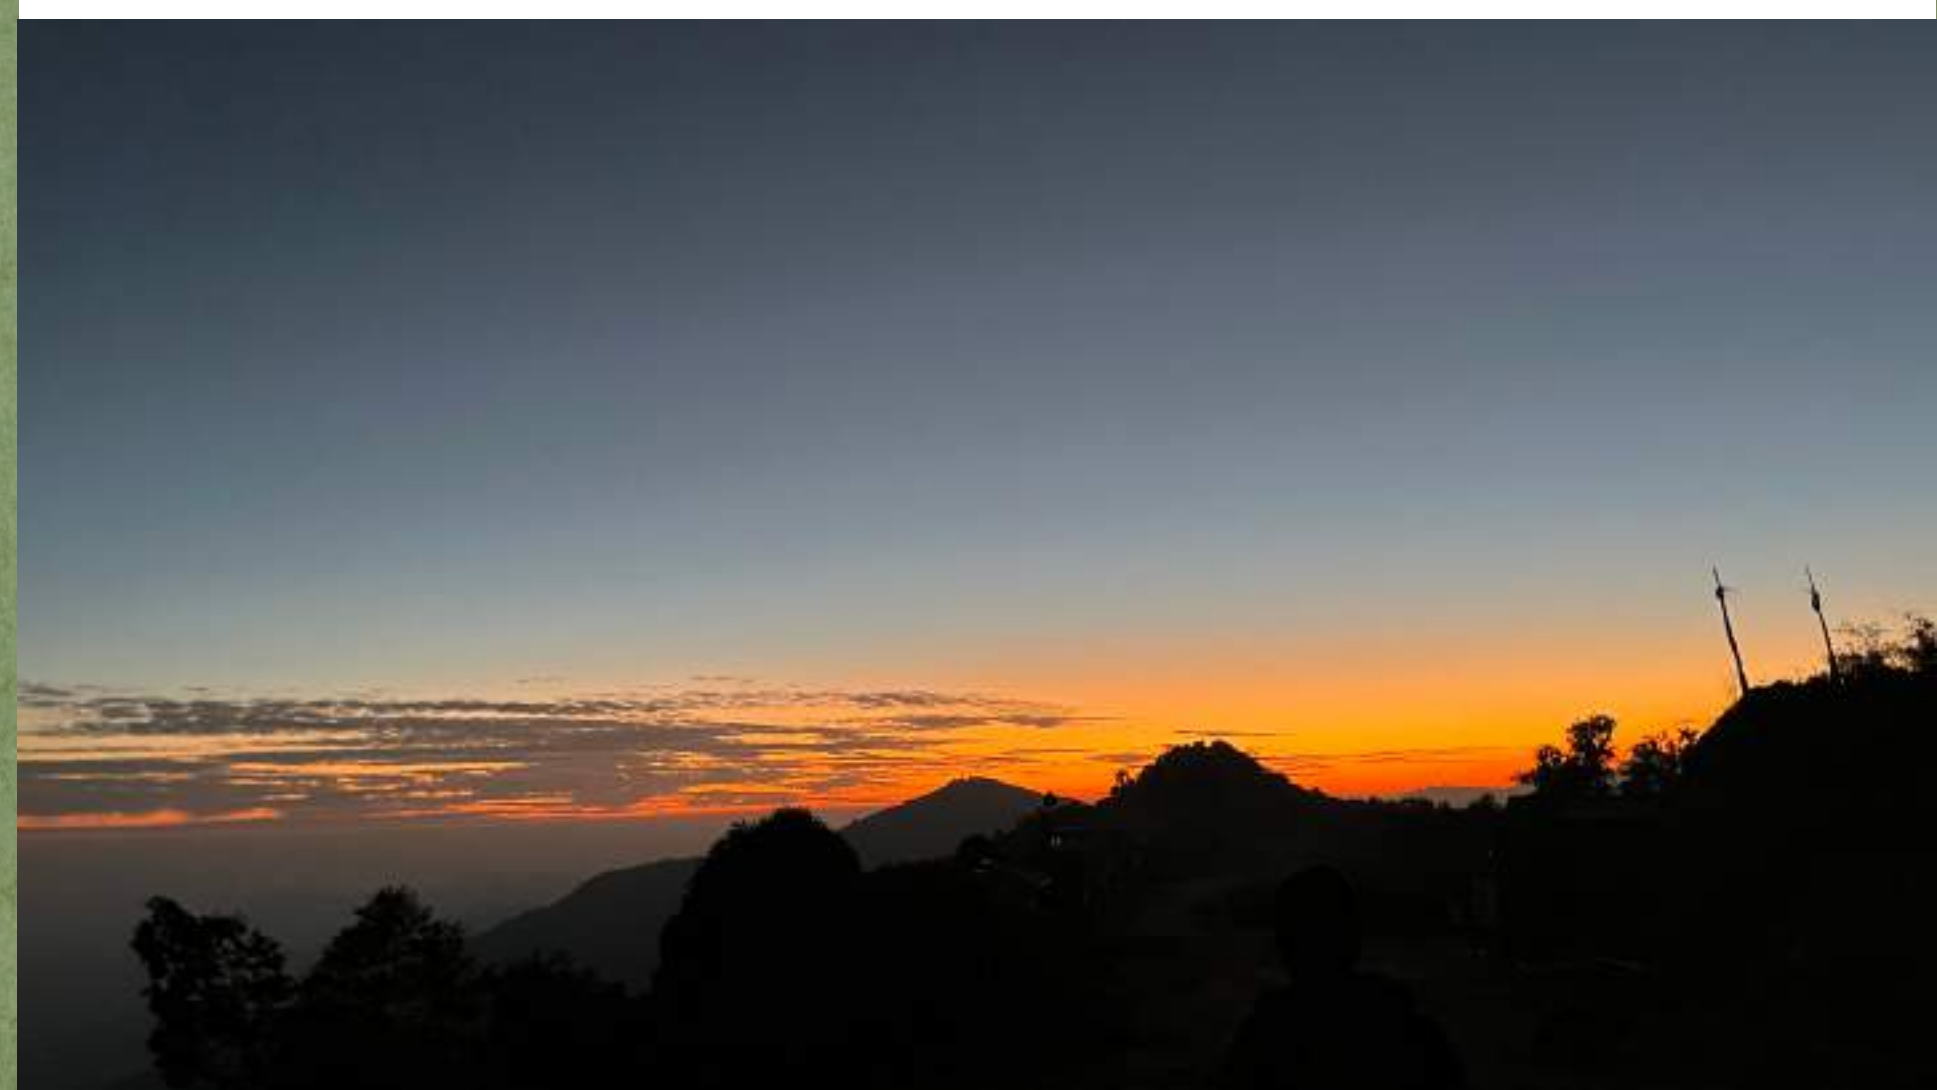

Singalila Ridge forms the northern boundary of Singalila National Park and serves as a natural border between India and Nepal. This park is renowned for its rich biodiversity, stunning landscapes, and unique experiences.

Exotic Mammals: Home to endangered red pandas, Himalayan black bears, clouded leopards, and various deer species.

Birdwatcher's Paradise: Over 120 bird species, including blood pheasants, satyr tragopans, and red-billed blue magpies.

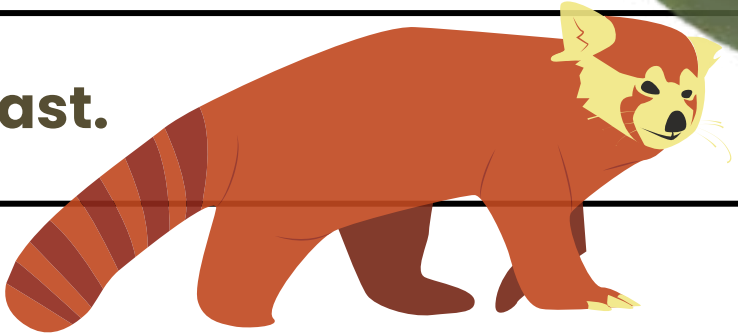

Sandakphu: West Bengal's highest peak (3,636 meters), offering panoramic views of Everest, Kangchenjunga, Lhotse, and Makalu, with spectacular sunrises and sunsets.

Enchanting Forest Habitat: Diverse flora, including rhododendrons, magnolias, orchids, bamboo groves, and alpine meadows, creating a magical environment.

ITINERARY

Day 1	Embark on an unforgettable journey starting from Bagdogra Airport, venturing into Nepal via Kakkarbhitta. Traverse through Illam's lush tea plantations, where the scent of tea mingles with mountain air. Experience thrilling off-road adventures amidst rugged terrain, leading to Singalila Ridge, a hidden gem nestled amidst the mountains, which will be our sanctuary for the next few days where we will began our expedition for the elusive Red Panda.
Day 2–Day 4	In the early morning, a team of trackers will enter on the search, while guests will set out after breakfast accompanied by a designated guide or naturalist. Exploring the forest and engaging in activities like birding, guests will await notification from the trackers regarding a Red Panda sighting. Once notified, the guests will proceed to witness the captivating presence of the Red Panda.
Day 5	Our journey will start early morning to Sandakphu to witness the mesmerizing sunrise and breathtaking views. Meanwhile, trackers will continue their quest for the elusive Red Panda. After returning from Sandakphu, guests have the option to resume their wildlife activities at their leisure.
Day 6	Departure to Bagdogra Airport after breakfast.
